September Business of the Month

Ad Solutions Group

The Sherwood Chamber of Commerce is proud to recognize its September Business of the Month, Ad Solutions Group.

With the vision of bringing innovative, effective, and community-focused advertising solutions to the Little Rock and North Little Rock areas, Ralph Duda and Jeston George formed Ad Solutions Group in June 2010. They entered the market with their first product, Central Arkansas Door Deals which brings the best deals in town to the front doors of thousands through a high-quality door hanger. Motivated to directly and efficiently connect local businesses with local families, Central Arkansas Door Deals now reaches over 40,000 homes within the community. Not only can Door Deals offer high volume, direct advertising, but each hanger is category exclusive to give business owners the opportunity to literally leave their competition at the door.

Ad Solutions is only continuing to grow as they work on their next project—Thrill Share Magazine. This new project embodies the foundation of Ad Solutions which is to bridge the gap between the businesses and homes of the local community. Through this latest method of direct, high-quality advertising, even more businesses will have the opportunity to reach thousands of homes in the area. The magazine will be mailed to 30,000 homes north of the river and 30,000 homes south of the river. In addition to being mailed, 5,000 magazines will be racked in each of the north and south zones for a combined total of 70,000 issues. Thrill Share will not only expand advertising solutions for local businesses, but will maintain a community-based focus as each monthly issue will spotlight a local charity, business, and chef. With the charity spotlight, businesses advertising in Thrill Share will not only bring attention to their services, but give space to showcase a local organization that makes our community a better place to live. Ad Solutions is anxiously waiting to share their latest project as the first issue will hit the mailboxes beginning the first week in October.
